Leave to a boarder student may not be granted, subject to his work and conduct being unsatisfactory, and no parent can demand that the child should be granted leave, if for some reason this has been denied to him by the College Authorities.

Medical leave will be granted only by the principal either on the advice of the sister- in charge of the infirmary or on the receipt of an application from the parent duly endorsed by a competent medical authority. The doctor's appointment letter should be sent with the application in advance.

Parents are requested, in the interest of their children, not to visit them on days other than those specified in the holiday list, to enable the children to adjust to their environment and concentrate on their studies.

Frequent visits by parents make the children homesick and unsettled —Therefore, parents are requested to co-operate in following the above rules.
